## Subject Index

### Abdomen

- lipoplasty of the abdomen and lateral thighs, with invited comment by George W. Commons, MD (Bronz) 1991;26:389 (Case report)
- rectus femoris myocutaneous flap for closure of difficult wounds of the abdomen, groin, and trochanteric areas (Peters et al) 1991;26:572 (Case report)

### Abnormalities

- large skull defect in aplasia cutis congenita treated by pericranial flap: long-term follow-up (Moscona et al) 1991;26:178 (Case report)
- oblique facial cleft with anophthalmia in a mentally normal child (Tsur et al) 1991;26:449 (Case report)

### Adipose tissue

- lipoplasty of the abdomen and lateral thighs, with invited comment by George W. Commons, MD (Bronz) 1991;26:389 (Case report)
- microsurgical free toe pulp transfer for digital reconstruction (Deglise and Botta) 1991;26:341
- technique for liposuction fat reimplantation and long-term volume evaluation by magnetic resonance imaging (Hörl et al) 1991;26:248

### Aged

- microsurgical tissue transfer in patients more than 70 years of age (Furnas et al) 1991;26:133

### Allograft; see Transplantation, homologous

### Ambulatory surgery

- re: early experience with high thoracic epidural anesthesia in outpatient submuscular breast augmentation (Al-Qattan) 1991;26:293 (Letter)

### Aminoimidazole carboxamide

- use of 5-aminoimidazole-4-carboxamide riboside (AICARiboside) to improve random skin flap viability in the rat model (Salerno et al) 1991;26:544

### Amputation

- high-voltage electrical injury: electron microscopic findings of injured vessel, nerve, and muscle (Koshima et al) 1991;26:587 (Case report)
- isle of palm and sole fillet flaps (Hallock) 1991;26:514

### Amputation, traumatic

- penile replantation (Wells et al) 1991;26:577 (Case report)
- sensate palm of hand free flap for forearm length preservation in nonreplantable forearm amputation: long-term follow-up (Rohrich et al) 1991;26:469 (Case report)

### Anastomosis, surgical

- eyebrow revascularization (Chen et al) 1991;26:174 (Case report)

### Anesthesia, epidural

- re: early experience with high thoracic epidural anesthesia

- in outpatient submuscular breast augmentation (Al-Qattan) 1991;26:293 (Letter)

### Angioma; see Hemangioma

### Anophthalmos

- oblique facial cleft with anophthalmia in a mentally normal child (Tsur et al) 1991;26:449 (Case report)

### Antibiotics

- wound healing and infection in pretibial lacerations (Warren et al) 1991;26:243

### Aplasia cutis congenita; see Abnormalities

### Apocrine glands

- perineal hidradenitis suppurativa: presentation of two unusual complications and a review (Williams et al) 1991;26:456 (Case report)

### Arm

- proximally pedicled arteria radialis forearm flap in the treatment of soft tissue defects of the dorsal elbow (Tizian et al) 1991;26:40
- sensate palm of hand free flap for forearm length preservation in nonreplantable forearm amputation: long-term follow-up (Rohrich et al) 1991;26:469 (Case report)

### Arterial flaps; see Flaps, arterial

### Arteriovenous anastomosis

- spontaneous anastomosis of transected vessels (Smahel) 1991;26:365

### Artificial implants; see Implants, artificial

### Asymmetrical facial stenosis; see Facial asymmetry

### Autograft; see Transplantation, autologous

### Bandages

- new dressing method for free skin grafting in hands (Nakayama and Soeda) 1991;26:499 (Gadgetry)
- transparent polyurethane (Omiderm) dressing for free flaps (Borenstein et al) 1991;26:200 (Gadgetry)

### Basal cell carcinoma; see Carcinoma, basal cell

### Biocompatible materials

- PMMA microspheres for intradermal implantation: Part I. animal research (Lemperle et al) 1991;26:57

### Birth defects; see Abnormalities

### Blood vessels

- spontaneous anastomosis of transected vessels (Smahel) 1991;26:365

### Bone grafts; see Bone transplantation

### Bone transplantation

- effects of early postoperative radiation on vascularized bone grafts (Evans et al) 1991;26:505
- growth of vascularized composite mandibular allografts in young rabbits (Randzio et al) 1991;26:140
- iliac crest region: donor site for vascularized bone periosteal and soft tissue flaps (Stock et al) 1991;26:105
- re: infection following cranial-bone grafting—a need for

**Bone transplantation (continued)**

caution? (Manson) (Letter); (Lewis Jr) (Reply) 1991; 26:504

transplantation of vascularized composite mandibular allografts in young cynomolgus monkeys (Gold et al) 1991;26:125

**Books**

**Brachial plexus**

brachial plexus injuries: an integrated treatment concept (Berger et al) 1991;26:70

**Breast, surgery**

analysis of late results in postpregnancy mammoplasty (Aboudib Jr et al) 1991;26:111

easy-to-make, easy-to-use device for preoperative marking for reduction mammoplasty and mastopexy (Méndez-Fernández) 1991;26:602 (Gadgetry)

evaluation of long-term results in breast reconstruction using the latissimus dorsi flap (Tschopp) 1991;26:328

immediate breast reconstruction using an external oblique rectus musculofascial turnover flap (Bohmert) 1991; 26:98

re: correction of breast ptosis with the expander mammary prosthesis (Rigg) (Letter); (Becker) (Reply) 1991;26:295

re: early experience with high thoracic epidural anesthesia in outpatient submuscular breast augmentation (Al-Qattan) 1991;26:293 (Letter)

reduction mammoplasty with free-nipple transplantation: indications and technical refinements (Oneal et al) 1991;26:117

sensibility and cutaneous reinnervation after breast reconstruction with musculocutaneous flaps (Lehmann et al) 1991;26:325

**Breast neoplasms**

fat necrosis below musculocutaneous flap mimicking carcinoma of breast (Roisman et al) 1991;26:479 (Case report)

**Buccal fat pad; see Cheek**

**Burns**

new dressing method for free skin grafting in hands (Nakayama and Soeda) 1991;26:499 (Gadgetry)

repair of the upper eyelid by means of the prepuce after severe burns (Grabosch et al) 1991;26:427

running Y-V plasty (Olbrisch) 1991;26:52

tissue expanders in reconstruction of burn sequelae (Zellweger and Künzi) 1991;26:380

tissue expansion in reconstruction of postburn contracture of the first web space of the hand (Borenstein et al) 1991;26:463 (Case report)

**Buttocks**

more arguments in favor of myocutaneous flaps for the treatment of pelvic pressure sores (Bruck et al) 1991; 26:85

**Calcaneus**

long-term follow-up of a patient with lateral calcaneal flaps for bilateral posterior heel necrosis (Hirase et al) 1991;26:474 (Case report)

**Carbon dioxide laser; see Lasers**

**Carcinoma, basal cell**

basal cell carcinoma of the lower leg occurring in association with chronic venous stasis (Gosain et al) 1991; 26:279 (Case report)

cheek flaps for reconstruction of full-thickness lip defects (Sakai et al) 1991;26:188 (Case report)

squamous and basal cell cancers directly invading major salivary glands (Talmi et al) 1991;26:483 (Case report)

V-Y flap reconstruction for nostril defects, with invited comment by Louis C. Argenta, MD (Eisenbaum and Barnett) 1991;26:488 (Case report)

**Carcinoma, squamous cell**

reconstruction strategy for temporal bone and lateral facial defects (Schusterman and Kroll) 1991;26:233

squamous and basal cell cancers directly invading major salivary glands (Talmi et al) 1991;26:483 (Case report)

**Cartilage, transplantation**

class II antigenicity of human cartilage: relevance to the use of homologous cartilage graft for reconstructive surgery (Bujía et al) 1991;26:541

team approach to total auricular reconstruction (Kesselring and de Goumoens) 1991;26:299

**Case reports**

basal cell carcinoma of the lower leg occurring in association with chronic venous stasis (Gosain et al) 1991; 26:279

cheek flaps for reconstruction of full-thickness lip defects (Sakai et al) 1991;26:188

chemical peel (Peters) 1991;26:564

eyebrow revascularization (Chen et al) 1991;26:174

fat necrosis below musculocutaneous flap mimicking carcinoma of breast (Roisman et al) 1991;26:479

firestorm fibrosis: the fast fibrotic phenomenon (Ersek) 1991;26:494

free posterior tibial perforator-based flaps (Koshima and Soeda) 1991;26:284

high-voltage electrical injury: electron microscopic findings of injured vessel, nerve, and muscle (Koshima et al) 1991;26:587

large skull defect in aplasia cutis congenita treated by pericranial flap: long-term follow-up (Moscona et al) 1991;26:178

lipoplasty of the abdomen and lateral thighs, with invited comment by George W. Commons, MD (Bronz) 1991;26:389

long-term follow-up of a patient with lateral calcaneal flaps for bilateral posterior heel necrosis (Hirase et al) 1991;26:474

mercury poisoning from intravenous injection: treatment by granuloma resection (Netscher et al) 1991;26:592

- methylnmethacrylate implants: a scanning electron microscopic study (Mishima et al) 1991;26:561
- oblique facial cleft with anophthalmia in a mentally normal child (Tsur et al) 1991;26:449
- penile replantation (Wells et al) 1991;26:577
